A Special Thought For Miss Marquerite Trimm

Because she is our friend - encouraging, advising, and understanding us whenever we need her . . .

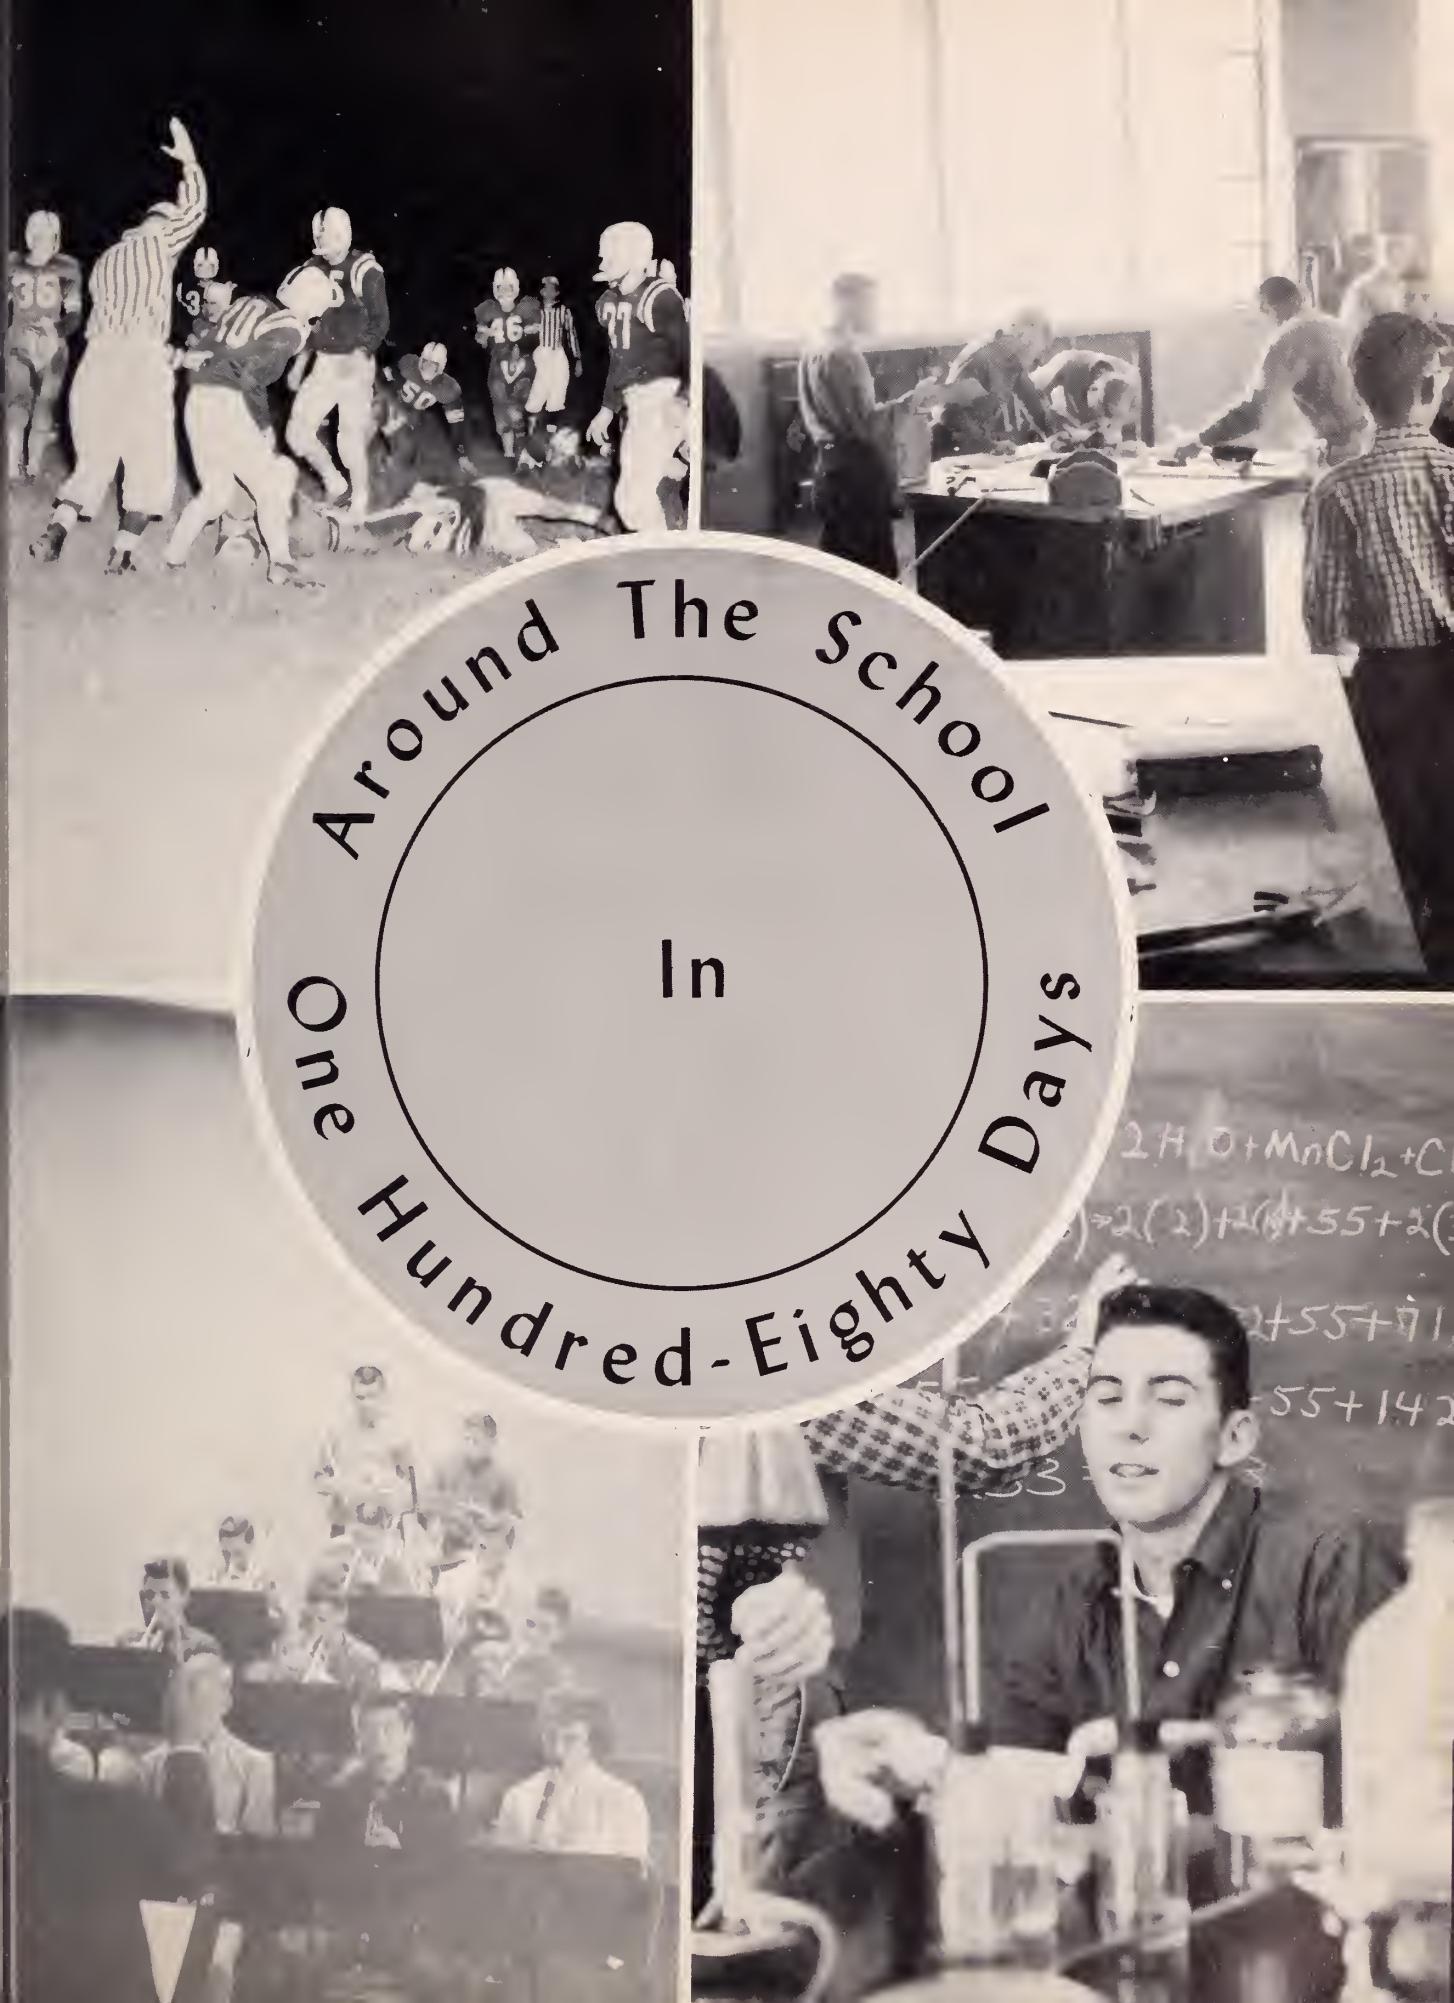

Because she has guided us enthusiastically and often lent us the strength for success . . .

Because she arouses in her students a new faith in their own ability, and instills in them a sense of truth and honor, and by the sincere dedication of her own brilliance and personality inspires those about her, we,

Therefore on every day of the 180 days of the school year, have special thoughts of love and appreciation for

Miss Marguerite Trimm

Following this, the teachers met in groups according to the various departments and talked over plans for the coming year.

Mr. Morgan, principal of Park View, conducted the meeting.

To The Seniors

"Time and tide wait for no man," not even for the students at Park View. Only a few brief months ago you Seniors entered Park View High School. You did not realize that in so short a time you would be making history. You are the last of the four-year classes to graduate from Park View High School. Next year will usher in a full five-year program. As you go out into a hard and challenging world, my prayers and best wishes go with you.

Charles H. Morgan, Principal
Park View High School

Mr. B. P. Lumpkin, assistant principal, received his B. S. degree from Richmond Professional Institute and his L.L.B. degree from Wake Forest College.

Mrs. Nita Viverette, secretary, was a very busy person. She was always ready to help anyone that needed her. The school will always be indebted to her.

GUIDANCE DEPARTMENT

It has been said that a successful program of guidance in high school requires the cooperation and participation of every member of the teaching and administrative staff, as well as cooperation from the home, the community and the pupils. Such is the case at Park View, for guidance is truly a joint function of the entire faculty, the home, community, and pupils.

The guidance program was organized in an effort to assist students and teachers, and to cooperate with the community. It was planned to cover several main areas-- orientation, program planning, social development, occupational and vocational information, job placement, follow-up, and college entrance.

School Opened For Students

On Monday, September 8, school opened once more for the students of Park View High School.

Students arriving for first day.

There was an air of enthusiasm as the pupils gathered in the gymnasium for devotionals and general instructions.

In the opening program Mrs. Annie Lou Williams led the assembly in singing several hymns. Devotionals were led by the Reverend John Z. Brandon of LaCrosse. Miss Marguerite Trimm introduced Marlin Johnstin, the new president of the Student Council, who spoke briefly. After Mr. B. P. Lumpkin gave the students their homeroom numbers, the assembly adjourned, and students reported to their homerooms.

Students leaving assembly to go to their assigned homerooms.

The Distributive Education Club is an integral part of the Distributive Education Program and is composed of all students studying Distributive Education.

Because of their schedules, D. E. students are deprived of the opportunity of joining some high school clubs; hence, this organization gives them a sense of "belonging", a desire prevalent among all young Americans. Though the activities of the club, students are taught leadership; they also learn to regard the field of distribution as a profession.

Clubs Organized

For three days definite periods were set aside for the organization of clubs. On September 24, the Dramatics Clubs, the Future Farmers of America, the Library Club, and the Monogram Club organized.

On September 25, the Beta Club and the Future Homemakers of America organized.

On September 26, the Future Teachers of America and the Latin Club organized. A schedule was made giving each club a specified time and place to meet.

Clubs play an important part in the life at Park View High School.

Ever since the first school was built, there have been clubs in which the students participate. The particular clubs at Park View are numerous and worthwhile. They meet the interests and needs of the students.

Clubs tend to fall under a number of broad fields or areas of interests. There are subject clubs, service clubs, hobby clubs, honor clubs, and athletic clubs. Students are allowed to choose the club or clubs to which they may belong.

A student at Park View is allowed to belong to two separate clubs with the exception of the Beta Club. Members may belong to this club in addition to the two clubs allotted them.

A typical club organization: The Library Club organizes in the library. Ruth Satterwhite, president, and Miss Hatch, sponsor, count votes.

Monogram Club

To be a member of the Monogram Club, a student has to have a varsity letter. A varsity letter may be earned by participating in football, basketball, baseball, or cheerleading.

The purpose of the club is to foster and promote athletics in every possible way at Park View and to encourage prospective athletes of good character.

Projects for the year included: operating concession stands, selling programs at sporting events, and giving jackets to the lettermen.

Future Outlook – Promising

We live in a growing America. Our nation is dedicated to progress and the advancement of man and his world. And only through education can the necessary progress of the future be accomplished.

In textiles, tremendous forward strides are being made. Revolutionary new fibers and processes are giving Americans better and more attractive fabrics, for every purpose, than ever before.

Burlington Industries and its member companies and plants are proud to be an important part of one of America's most essential industries.
